

HazMat Informer: Ensuring Compliance for your Hazardous Shipments

Hazardous materials regulations (hazmat) are changing every day, and it can be difficult to keep up with the pace. With the no excuse policies of federal agencies like FMCSA, non-compliance is not an option and failure to follow the regulations can result in significant penalties. Not to mention, could place the driver and the roadway community at harm should a spill or accident occur.

Ensure compliance of your Hazardous Shipments with HazMat Informer.

Simplicity From Pickup to Delivery

HazMat Informer by Transportation Performance, Inc. (TPI) is a mobile driver solution that automates your Hazardous Materials compliance. It's a simple, yet powerful tool for truck drivers, dock workers, dispatchers or anyone involved with transporting hazardous goods over the road. Not to mention, a reliable tool to double check your compliance and avoid penalties and fines which can be significant.

Convenience in an APP

Improving your Hazardous Material's compliance BASIC and eliminating violations couldn't be easier with HazMat Informer. Simply enter the material number and weight from the shipping documents – hit the placard button and receive instant feedback for the correct placard(s) needed

to stay compliant. With built in material segregation and compatibility logic you don't have to worry about transporting commodities that should not be shipped together.

HazMat Informer integrates the Emergency Responder's Guidebook (ERG) to provide information about the hazmat cargo being transported based on the placard(s) displayed. Just hit the ERG button in the app, and it will open to the appropriate page(s) saving valuable time. No more thumbing thru hundreds of pages to find the response guide for the truck's cargo. The HazMat Informer app automates the briefing process for your driver which standardizes processes and frees up internal resources.

Struggling with DOT regulations? Spending too much time on confusing government websites?

By implementing the HazMat Informer and CSA Performer tools into your fleet, you get a clearer picture of what's happening on the road and can seamlessly automate and manage your FMCSA compliance. In fact, 7 of the 10 largest truckload carriers drive results with TPI by helping their drivers:

- Reduce citations & fine
- Increase productivity and profitability
- Eliminate wasted driver time
- Get it right at the dock

Keep Them Moving Forward

Saving your drivers from a little hassle can mean saving a lot of bucks when it comes to avoiding inspections, or hazmat violations. Request a demo of HazMat Informer now and learn more about a corporate subscription for your drivers.
